

INDEX TO VOLUME 3

The asterisk (*) preceding the page number indicates an original article in the Archives. Subject entries are made for all articles. Author entries are made for original articles. Book Reviews and Obituaries are indexed under these headings in alphabetical order under the letters B and O, respectively.

Accidents: See also under Health; Workman's Compensation and Insurance; etc., and under names of occupations.
children's handbook, 224

Acid

sulfuric: See Sulfuric Acid
thioglycolic: See Thioglycolic Acid
trichloroacetic: See Trichloroacetic Acid

ACTH

action of cortisone and: minimum observations necessary to advance knowledge of [Forbes], *622
beryllium poisoning: chronic, choice of drugs and dosage [Van Ordstrand], *583
beryllium poisoning: chronic, five cases from fluorescent lamp industry: treatment with cortisone and [Kline & others], *549
beryllium poisoning: chronic, general discussion on treatment with cortisone and, 629
beryllium poisoning: chronic, metabolic study of case treated with [Hardy & others], *579
beryllium poisoning: chronic, symposium on treatment with cortisone and chronic pulmonary interstitial granulomatosis: preliminary report on two patients treated with [De Nardi], 543
complications of cortisone therapy and: recognition and prevention in chronic beryllium poisoning [Frawley], *587
pulmonary function in patients with pulmonary disease treated with ACTH [Ferris & others], *603
results of cortisone therapy and: interpretation in chronic beryllium poisoning: data obtained by pretherapy and posttherapy studies of pulmonary function [Wright], *617

Adley, F. E.

Studying environment, *153

Adrenal Preparations

desoxycorticosterone acetate: effects on acclimatization of men to heat, 411

Adrenals

behavior, histopathologic modifications in experimental intoxication due to trinitrotoluene, following therapy with lipocalc (pancreatic hormone) and methionine, 330
sillcotics: function in, 326

Aerosols: See under Air; Dusts; Inhalation; Insecticides; etc.

Affeldt, J. E.

Pulmonary function in patients with pulmonary disease treated with ACTH, *603

Agricultural Workers

hydatidosis: industrial disease, 205

Ahlborg, G.

Hydrogen sulfide poisoning in shale oil industry, *247

Ahlmark, A.

Evaluating trichloroethylene exposures by urinalysis for trichloroacetic acid, *386

Air

analysis, industrial: some problems, 433
bacteria content: comparison between influence of water vapor and triethylene glycol vapor on, of air in playroom in children's home under ordinary working conditions, 437

impurities: See also under Chemicals; Chromium and Chromium Compounds; Dust; Lungs; Mercury; Petroleum Industry; Smoke; Sulfuric Acid; Uranium; etc.

Impurities, 430

impurities: environmental exposures, classification, 332

impurities: health and [Helmann & others], *399

impurities: meteorological technics in surveys [Eisenbud & Harris], *90

impurities: in Pittsburgh [Ely], *44

impurities: Proceedings of First National Air Pollution Symposium, Nov. 10 and 11, 1949, Los Angeles, 218

impurities: progress report, final: Harvard University, 432

particles: charged, small, investigated by electrical method [Daniel & Brackett], *505

particulate matter: determination of composition of, 431

pressure: bone lesions, undetected, in workers under raised, 101

sampling: See also Apparatus; Instruments

sampling: of contaminants, by small scale Venturi scrubber, 217

sampling: instruments [Adley], *153

sampling: lightweight power supply for electrostatic precipitator [Brown & others], *198

sampling: of liquid aerosols by wires, cylinders and slides and efficiency of impaction of droplets, 218

sterilization: disinfection and, symposium conducted by Society of Chemical Industry, Food Group, Microbiological Panel, 537

sterilization and human health, 332

Air Conditioning: See Ventilation

Aldrin

study of workers exposed to chlordan, dieldrin and, *64

Alkaline Accumulators

manufacture: health hazards in, with special reference to chronic cadmium poisoning, 423

Allergy

syndromes: occupational diseases, 528

Aluminum and Aluminum Compounds

dust: action on animal organism, 422

dust: in lungs, 419

Ambrose, A. M.

Toxicologic studies of compounds investigated for use as inhibitors of biologic processes: toxicity of 1,3-dimethyl-4,6-bis(chloromethyl)benzene, *48

American Association of Industrial Dentists, 338

American Conference of Governmental Industrial Hygienists, 333

American Medical Association Council on Industrial Health, 116 and 541

Amines

aliphatic: toxic effects of exposure to vapors of [Brieger & Hodes], *287
